

REMARKS

Prior to examination, please enter the amendments to the specification and claims as shown herein.

Claims 1-5 have been amended to place the claims into proper U.S. form. More particularly, Claim 2 has been amended to correct the ratio of "1:8 or 12" to "1:8 to 12" to correct a minor translation error. No new matter has been added.

In view of the foregoing, Applicant respectfully requests substantive examination of the claims. It is respectfully submitted that these changes are in form only and do not add new matter to the subject application. It is also submitted that these changes are not made in accordance with any statutory requirement for patentability, but are merely made for purposes of clarity in the claims.

Should the Examiner believe that a telephone conference or personal interview would facilitate resolution of any remaining matters, the Examiner may contact Applicant's attorney at the number given below.

Respectfully Submitted,
